Press Release

Transylvania County announces that, effective on Monday, March 30th, Transylvania County will be implementing ways to serve citizens with social distancing measures and limiting contact when possible. This effort is intended to help slow the spread of COVID-19 in our community while still meeting our service mandates that citizens require. Departments will continue to operate, and all mandated services will be available to the public. Citizens should call in advance to be assisted over the phone, through technology or by appointment.

Each building will have a notice posted providing the appropriate phone number(s) to contact for each department. Please call first and our staff will help make arrangement for you to receive the services that you need.

Transylvania County is committed to providing services in a safe and effective way, please visit our website at www.transylvaniacounty.org for the most up to date information on all Transylvania County services and all COVID updates.
