Report On Internal Control Over Financial Reporting And On Compliance And Other Matters Based On An Audit Of Financial Statements Performed In Accordance With *Government Auditing Standards*

Independent Auditors' Report

Board of Commissioners
Transylvania County, North Carolina

We have audited the basic financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Transylvania County, North Carolina, as of and for the year ended June 30, 2011, not presented here, which collectively comprise the County's basic financial statements, and have issued our report thereon dated November 28, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statements of Transylvania County Airport Authority were not audited in accordance with *Government Auditing Standards*.

Internal Control Over Financial Reporting

Management of Transylvania County is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered Transylvania County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over financial reporting.

Our consideration of the internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in the internal control over financial reporting that might be significant deficiencies, or material weaknesses and; therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as described in the accompanying Schedule of Findings and Questioned Costs, we identified certain deficiencies in internal control over financial reporting that we consider to be material weaknesses.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a significant deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies, 2011-01 and 2011-02 described in the accompanying Schedule of Findings and Questioned Costs, to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Transylvania County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Board of County Commissioners and management of Transylvania County, North Carolina, federal and State awarding agencies, and pass-through entities, and is not intended to be, and should not be, used by anyone other than these specified parties.

Report On Compliance With Requirements That Could Have A Direct And Material Effect On Each Major Federal Program And On Internal Control Over Compliance In Accordance With OMB Circular A-133 And The State Single Audit Implementation Act

Independent Auditors' Report

Board of Commissioners
Transylvania County, North Carolina

Compliance

We have audited Transylvania County, North Carolina's compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* and the *Audit Manual for Governmental Auditors in North Carolina*, issued by the Local Government Commission, that could have a direct and material effect on each of Transylvania County's major federal programs for the year ended June 30, 2011. Transylvania County's major federal programs are identified in the summary of auditors' results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of Transylvania County's management. Our responsibility is to express an opinion on Transylvania County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and the State Single Audit Implementation Act. Those standards, OMB Circular A-133, and the State Single Audit Implementation Act require that we plan and perform the audit to obtain reasonable assurance about whether non-compliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Transylvania County's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Transylvania County's compliance with those requirements.

In our opinion, Transylvania County complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2011.

Internal Control Over Compliance

Management of Transylvania County is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Transylvania County's internal control over compliance with requirements that could have a direct and material effect on a major federal program to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133 and the State Single Audit Implementation Act, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Transylvania County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, non-compliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material non-compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

Schedule of Expenditures of Federal and State Awards

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Transylvania County, as of and for the year ended June 30, 2011, which collectively comprise Transylvania County's basic financial statements, and have issued our report thereon dated November 28, 2011, which contained an unqualified opinion on those financial statements. Our audit was performed for the purpose of forming an opinion on the financial statements that collectively comprise Transylvania County's basic financial statements. The accompanying Schedule of Expenditures of Federal and State Awards is presented for purposes of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and the State Single Audit Implementation Act, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain other procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal and State Awards is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of the Board of County Commissioners and management of Transylvania County, North Carolina, federal and State awarding agencies, and pass-through entities, and is not intended to be, and should not be, used by anyone other than these specified parties.

Compliance

We have audited Transylvania County, North Carolina's compliance with the types of compliance requirements described in applicable sections of U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* and the *Audit Manual for Governmental Auditors in North Carolina*, issued by the Local Government Commission, that could have a direct and material effect on each of Transylvania County's major State programs for the year ended June 30, 2011. 2. Financial Statement Findings

2011-01

Criteria: Management and prior auditors did not report the liability for the Law Enforcement Officers' Special Separation Allowance correctly.

Condition: Audit and accounting standards require that errors in prior periods, which are detected in a subsequent year, be reported as prior period adjustments, resulting in a restatement of net assets and/or fund balance. In fiscal year 2010, an error was detected in the Pension Trust Funds reporting on the financial statements. A revised actuarial study was performed for fiscal year 2011 resulting in a prior period adjustment of \$353,766.

Context: In fiscal year 2010, during review of the financial statements, it was noted that the pension funds were shown in the past as trust accounts without the County having assigned funds to an irrevocable trust. An updated actuarial study was performed in fiscal year 2011.

Effect: The liability for the Law Enforcement Officers' Special Separation Allowance was understated as of June 30, 2010. However, the County did reflect an unreserved designated fund balance of \$491,787 for Law Enforcement Officers' Special Separation Allowance in its fiscal year 2010 audit, recognizing a liability yet to be determined by the actuarial study.

Cause: Incorrect assumptions used in the prior years actuarial studies for the Law Enforcement Officers' Special Separation Allowance, due to mistakenly reporting as an Irrevocable Trust.

Recommendation: Management is now properly reporting the Law Enforcement Officers' Special Separation Allowance. Actuarial studies should continue to be completed annually.

Name of Contact Person: Gay Poor, Finance Director

Management's Response:

Prior to fiscal year 2010, the Law Enforcement Officers' Special Separation Allowance was mistakenly shown as an Irrevocable Trust. During the 2010 fiscal year audit, this was discovered and noted. A prior period adjustment was made to remove \$161,313 recorded as advanced funding of the pension plan. Since the actuarial study performed in fiscal year 2010 was based on erroneous assumptions, the correct actuarial value of the liability was not known. Therefore, no liability was reflected in Exhibit A or in the notes. However, an obligation of \$491,787 was recognized and reported in Exhibit C as unreserved fund balance "designated for LEO Special Separation Allowance".

SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2011

2. Financial Statement Findings (continued):

2011-02

Criteria: NC General Statute 159-25 requires:

- The Finance Officer to keep all of the County's bank accounts "in accordance with generally accepted accounting principles and the rules of the Commission"
- The Finance Officer to disburse all funds of the local government and pre-audit all disbursements
- The Finance Officer to supervise the investment of idle funds of the local government
- The Finance Officer or a properly designated Deputy Finance Officer to sign all checks or drafts on an official depository, and checks to be countersigned by another official of the local government designated for this purpose by the governing board

NC General Statute 159-8(a) requires all monies received and expended by a local government to be included in the budget ordinance.

NC General Statute 159-31 requires the Board to approve all depository accounts.

Condition:

(1) There are two accounts under the control of the Sheriff Department with the account names, "Inmate Funds" and "Cops for Kids". The "Cops for Kids" account is in the County's federal identification number, but is not recorded on the financial records of the County. The authorized signers on these accounts are not duly authorized as Deputy Finance Officers.

(2) There is a large amount of petty cash kept on hand at the Sheriff Department, monthly reconciliations are not being performed, and duties over the control of petty cash are not properly segregated. Surprise audits are conducted by the Finance Office semi-annually.

(3) Cash receipts for gun permits and concealed weapon permits are not tracked in a separate receipt book and reconciled, duties are not properly segregated.

(4) Cash donations are routinely collected in the field by Officers and are not properly receipted.

Context: While documenting internal controls related to cash receipts and disbursements, the above conditions were noted.

Effect: The bank accounts are in violation of NC General Statutes for the following reasons:

- The Finance Officer is not pre-auditing or signing disbursements from the account.
- The disbursements of the account are not co-signed by a designated Deputy Finance Officer.
- The expenditures were not pre-audited (NC General Statutes 159-28), nor were they included in the General Fund budget.
- The accounts are not official depositories of the County.

TRANSYLVANIA COUNTY, NORTH CAROLINA

SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2011

2. **Financial Statement Findings (continued):**

Cause: The Sheriff's Department opened and maintains checking accounts independent of the Finance Department. Proper segregation of duties is not in place.

Recommendation: The checking accounts discussed herein should be closed and all funds should be maintained directly by the Finance Department in accordance with NC General Statutes. The funds held on behalf of inmates and "Cops for Kids" should be maintained in a separate Trust account, and controlled by the Finance Officer or duly authorized Deputy Finance Officer(s). The County Commissioners should enforce restrictions on the opening and closing of checking accounts to the Finance Officer and County Manager.

Name of Contact Person: Gay Poor, Finance Director

Management Response: Management will take prompt action to rectify each of the conditions listed above and to bring the bank accounts into compliance with NC General Statutes. For the Finance Officer to be able to meet the requirements of NC General Statute 159-25, it is essential that Sections 32 and 33 in the Budget Ordinance be understood by all County personnel and strictly enforced. Management will communicate to all department heads that only the Finance Officer and County Manager are authorized to open bank accounts on behalf of the County.
