

Transylvania County Community Center Support Grants Policy and Procedure

Policy

Based on the Transylvania County Strategic Plan, the County Commissioners desire to collaborate with eligible community centers in ways that allow for county services authorized by the legislature to be provided in better ways to citizens. Transylvania County will ensure that the Community Center Support Grant program, which governs the application for and distribution of funds to community centers, is conducted in accordance with state law and in a transparent manner.

- All contracts shall meet Article V Section 2(1) of the NC Constitution that requires all public funds be expended for the benefit of the citizens generally, and not solely for the benefit of particular persons or interests, with all programs and capital uses funded open to the public for public use.
- In order for a local government unit to fund a project, the local government must be authorized to execute that project by the Local Government Fiscal Control Act (NC G.S. 159)
- Only non-profits that are recognized by the *Internal Revenue Service* (IRS) as a 501(c)(3) can be funded.
- All entities receiving public dollars shall provide reports demonstrating the outcomes of how those public funds were utilized (S.L. 2012-169).
